DR. E. A. STEINER NORMAL SPEAKER

PRESIDENT OF GRINNELL COLLEGE FOR CLASS ADDRESS.

L. M. HALE WILL GIVE GRADUATES' SERMON

Commencement Calendar Announced Today by President Ira Richardson—Many Big Events for Week.

Dr. E. A. Steiner, noted lyceum and chautauqua lecturer, has been secured by the State Normal school for the annual commencement program address, according to an announcement today by President Ira Richardson.

Doctor Steiner is now president of Grinnell college at Grinnell, Ia. He is a Hungarian Jew and will be remembered by those who attended last winter's course here as the successor of Dr. Evans. The latter mentioned his great career in his address.

The annual commencement sermon will be delivered by the Rev. L. M. Hale, pastor of the Baptist church, at 2:30 Sunday afternoon in the Normal auditorium. This will be the beginning of a great week.

Sunday, June 11:
2:30 p. m.—Auditorium, annual sermon, Rev. L. M. Hale.

Monday, June 12:
10:00 a. m.—Normal Park, or, in case of rain, Auditorium, Class Day Program, Shakespearean Pageant.

8:00 p. m.—Auditorium, Class Play.
Tuesday, June 13, Commencement Day, tenth anniversary of the opening of the first session:

10:00 a. m.—Auditorium, annual commencement program. Address, Dr. E. A. Steiner, Grinnell college, Grinnell, Ia. Award of diplomas and certificates.

6:30 p. m.—Normal library, alumni meeting and banquet.

Two Celebrations to Follow.

The celebration of the tenth anniversary of the founding of the Normal will be celebrated Wednesday when an effort will be made to get as many of the original board of regents here with other noted Missourians.

The city of Maryville will celebrate the sale of the first town lot seventy years ago on June 15, completing the week Harry H. Gardiner, the "Human Fly," who climbs up the face of buildings, will be the big attraction to Maryville on that day.

Who Dr. Steiner Is.
Dr. Edward Alfred Steiner is one of the greatest sociologists of the world. His great book "On the Trail of the Immigrant" is an accepted authority standing out above all others in that field. He knows whereof he speaks, having been born in Vienna Nov. 1, 1869.

He has a long list of alma maters. His early education was in the public schools of Vienna and in the gymnasium at Pilsen in Bohemia. He graduated from the University of Heidelberg in 1885; received a B. D. at Oberlin in 1891 and took post graduate work in Göttingen and Berlin universities.

He was ordained a congregational minister in 1891, serving pastorates in St. Cloud and St. Paul, Minn., and in Springfield and Sandusky in Ohio. He spent 1903 in Russia as a special representative of The Outlook. He was made professor of applied Christianity in Grinnell college in 1903, stepping from that to the presidency.

FOR A CITY BEAUTIFUL

Price and McNeal Furniture Company Places Porch Boxes of Flowers Under Front Windows.

A new and unique idea in a city beautiful has been inaugurated by the Price-McNeal Furniture company in placing long porch boxes filled with various decorative and blooming plants at the base of their show windows on the ledge nearest the paving. It is a most attractive idea if the admirers will only resist the temptation of helping themselves.

Mr. and Mrs. Ernest Wellborn left today for Stanberry, where they will be the week-end guests of Mr. and Mrs. Earl Sanford.

ERNEST PAYS PEACE FINE

One of Principals in Disturbance on Sixth Street Thursday Night—Wallace Davenport Gone.

Orval Ernest was fined \$5 and costs in police court this morning for his part in the disturbance Thursday night by which the neighborhood around the Curfman Lumber Company were aroused. Wallace ("Jack") Davenport the other principal in the affray, cannot be found.

According to Ernest's story to Police Judge Robey, the two young men with another named Wallace were taking three young ladies home from the show. Hot words on the way home led to a fight in which Davenport slugged Ernest and threw a brick at him. The third man took the women on home but they could not be found today to testify in the case.

STAPLES IN GAME FIGHT

Powell Suffered Stage Fright and Opponents Were More Mature and Finished Players.

Although Maryville Normal was the only school in the intercollegiate conference to get into the finals in tennis, they struck disastrous results when they got to this stage. Sullivan of Westminster beat Staples yesterday morning, 6-4, 6-3 and 6-1.

The doubles team lost much more overwhelmingly when Evans and Davis of William Jewell took three straight sets, 6-0, 6-2 and 6-1. Powell suffered considerably from stage fright and drove many balls out. A fair crowd watched the matches.

By winning the doubles, Sullivan becomes college champion for the fourth successive time. Staples took the first three games from him and gave him a scare in the first set. Another set had every game a deuce game except one.

The records of the game were twisted in some way, so that the Kansas City papers got Powell's name as Paul Moore. The green and white players made a good impression as is shown by the following from the Kansas City Star:

Staples a Hard Worker.

Neither match brought out the hard fought tennis expected by those who knew the rival players. Sullivan was easily the star of the day. The Westminster boy had held the M. V. intercollegiate title before, and he wasn't taking any chances on losing it this time.

Sullivan used a chop stroke to great advantage, and played it in excellent positions in his rival's court. Sullivan is a St. Louis boy and has played on the Triple A courts there with such experts as Roland Hoerr and Drummond Jones. He knows this net game considerably well.

Staples, on the other hand, is not as trained a player. The Maryville boy worked hard, but he couldn't combat Sullivan's skill at most every point of the game. Staples took four games in the three sets, and at no time was the match ever in danger.

The doubles match found David Davis and "O. K." Evans, the Cardinal sarks from William Jewell, outclassed Staples and his partner, Paul Powell, on the courts. Davis and Evans allowed their opponents just three games in the trio of sets and they played nice tennis together.

Worked Net Game Successfully.

The William Jewell boys found that a net game bothered their Maryville opponents and they worked that formation on their hard fighting adversaries continually. Staples and Powell battled gamely, but they drove a bunch outside when they found themselves unable to meet the speedy slams of Evans and Davis.

The first set disheartened Staples and Powell. The count was 6-love against them before they knew it had started. They worked their best in No. 2, but could only get two games against the Jewell battlers. The third frame was a romp for Davis and "O. K." They won it, 6-1, and with it the third straight set and the match.

Staples has an alibi of merit. He took a hard fall in his morning match (Continued on page 2.)

Committee Backed by Million Signers to Seek Anti-Liquor Plank in Platforms. Attempt Will Be Made to Rally at Chicago Around One of These Two.

Special to The Democrat-Forum.
Chicago, May 27.—National Prohibition cast its shadow or its ray of hope, according to the point of view, over all of the national conventions and politics through circulars sent out by the Committee of Sixty-one for National Prohibition today.

It announces the intention of the committee, which contains the names of great men of the country, governors, congressmen and former officials, of putting the National Prohibition plank into the platform of all three of the large parties.

The initial effort is being made to form a "Five Million Club" pledged to the suppression of the traffic. One million names are said to have been secured already.

Preceding the game, a band concert will be given by the Fourth Regiment band of this city.

The line-up for Maryville will be: Musser, c.; Theiman, p.; Lanning, ss.; Tilson, 1b.; Miller, 2b.; Scott, 3b.; Woodard, lf.; Harris, cf.; Stephens, rf. For Stanberry the line-up will be: Summa, c.; Hawthorne, p.; Cowls, ss.; Hinkley, 1b.; Mulholland, 2b.; Walker, 3b.; Kyger, lf.; Besinger, cf.; McLean, rf.

The Federals will play the Shenandoah, Ia., team here on Tuesday, Decoration Day.

MUCH COMMENT ON FILM

"The Flying Torpedo" at Fern Theatre Last Night Has Great Battle Scenes.

A Triangle film, "The Flying Torpedo," shown at the Fern theatre last night and which will be repeated at the same show house again tonight, is creating much comment today. Its battle scenes are said to rank well with the "Battle Cry of Peace."

The film is based on the aerial torpedo which is said to have been invented and touches the wireless-guided submarine torpedo which has already been purchased by the United States. "What a war in 1920 will be like" is the theme of the last two reels.

RAYTOWN, MO., BANK BLOWS BUT UNSUCCESSFULLY.

Hundreds of Shots Exchanged Before Robbers Fled Toward Kansas City With One Wounded.

Special to The Democrat-Forum.

Kansas City, May 27.—In a pitched battle in front of the Raytown bank at Raytown, Mo., early this morning safe crackers, who had blown the front of the bank and the outer doors of the bank vault and were working on the combination of the inner door, were driven off by a posse of citizens. They were awakened by the force of the explosion and armed with shotguns and revolvers exchanged hundreds of shots but the robbers held the entire town at bay for an hour.

Finally the robbers were driven off. One of them is known to be wounded with buckshot but none of the citizens were injured.

The doors of the vault lie on the side walk and a charge of nitro-glycerine, with a fuse attached it still in the inner door. It is believed that these are the same robbers that looted the post office at Lees Summit several weeks ago.

Raytown is a small suburb in Ray county across the Missouri river from Kansas City.

An Embroidery Cotton Hint.

If cotton is shrunk before using it for embroidery, crochet, or tatting, the work will look much better.

The balls may be immersed in warm water until saturated, then suspended in a breezy, sunshiny place to dry.

It will not take so long if the cotton is wound in skeins first. The finished work will remain as smooth as when first done, if the cotton is put through this process.—M. M. G.

What Others Believe

I have a friend, a neighbor,
A jovial sort of chap,
Who comes at early sunrise
To disturb my morning nap.

And he oftentimes brings others,
Then they make an awful fuss;
And we sometimes wish his habits
Were not so gregarious.

Now my friend is always hungry,
And there's a well-founded belief
That although he's wise and jolly
He's also a heartless thief.

Many do not like him,
And some do even complain
That he goes into their cornfields
And helps himself to grain.

And in contempt they call him
Brother to the fish-crow, and say
He's cousin to the raven,
The magpie, rook, and jay.

True, he is a bit mischievous,
Yet he has my best respects,
For he feeds on harmful worms
And larvae of insects.

I think it has been fairly proven
That he does more good than harm;
So I gladly give him license
To go all about my farm.

And always in the springtime,
When my seed I go to sow,
I plant a few rows extra
For my old friend, Blackie Crow

with Sullivan that gave him a bad shaking up. Then he undertook to play six sets of tennis in a day, a task which would tire a giant. The little Maryville player had gameness written all over him and he stuck nobly to his task. But it was a little bit too much for him.

The Rockhill courts were in excellent condition for the matches. The clay was baked down hard and smoothed perfectly. The courts couldn't have been in much better condition had they been played on and worked over all summer. Which is saying a good deal for a club that has only had its courts in action a month.

CHAUTAUQUA ENTERS NEW PHASE

Permanence of Parent Institution of Chautauqua Movement Now Definitely Established.

Over Quarter Million Dollars Being Spent on Plant at Chautauqua, N. Y., This Year, Making Largest Single Year's Development in History of the Movement Since 1874—New Entrances, Public Buildings, and Residences, All of Permanent Construction. City of Tents No Longer the Type to Represent the Chautauqua Idea.

NEW developments which are going on at Chautauqua, N. Y., in buildings, approaches and transportation facilities differ greatly from the prevailing notion of a chautauqua as a "sanitary thing." Brick paved highways, double track interurban car lines, entrances of brick and concrete in good architectural design, landscape treatment on a broad scale, educational buildings in comprehensive groups, hotel rooms with steam heat and other like conveniences, private residences costing a fortune to build do not grow up around an enterprise of fleeting character, yet all these things are taking shape this spring at Chautauqua. The fact is that the parent institution of the Chautauqua movement, on Chautauqua Lake, has within a decade passed into a wholly new phase, the "city of tents" giving way very fast to a city that "has foundations." Electric light and power plants, gas mains, water supply and sewage systems, paved sidewalks,

park, and the natural beauty of a stream and ravine at that point will be enhanced by planting trees and shrubs. A plaza near the station has also been reserved for park use. The planning of this addition has been done by George Y. Skinner, a specialist connected with the New York firm of Samuel Parsons & Co., landscape architects.

The Chautauqua High School, the Institution Garage and car parking place, the excellent Chautauqua golf links and the industrial center comprising repair shops of various kinds are located west of the Chautauqua enclosure on the highway and trolley line.

Chautauqua's New Water Gate.

Second in importance to the improvements of the land gate at Chautauqua, now under way, is the construction of the new pier building, on the site of the old wooden structure, which was torn down last fall. The Miller Memorial Bell Tower, erected in memory of the late Lewis Miller of Akron, O., co-founder with Bishop John H. Vin-

cent, the public school of this city is closed. Closing day exercises were held and remarks were made by Dr. McCluskey, Father Adelhelm, Judge Royal, B. K. Davis, John Michau, M. G. Roseberry, John Edwards, P. J. Keeler, Prof. Dunn, Rev. Huntley and Prof. Coleman.

The Democrats of Nodaway county met for the purpose of selecting delegates to the state convention to be held at Jefferson City on May 31. The delegates chosen were Thos. J. Dunn, Wm. Swinford and James Todd. Alternates were Dr. P. H. Talbot, Judge Wm. V. Smith and James W. Lamar. The resolutions committee was composed of A. P. Morehouse, Dr. P. H. Talbot, W. W. Ramsay, Fred D. Snyder, James Moran, C. A. Anthony and John Edwards.

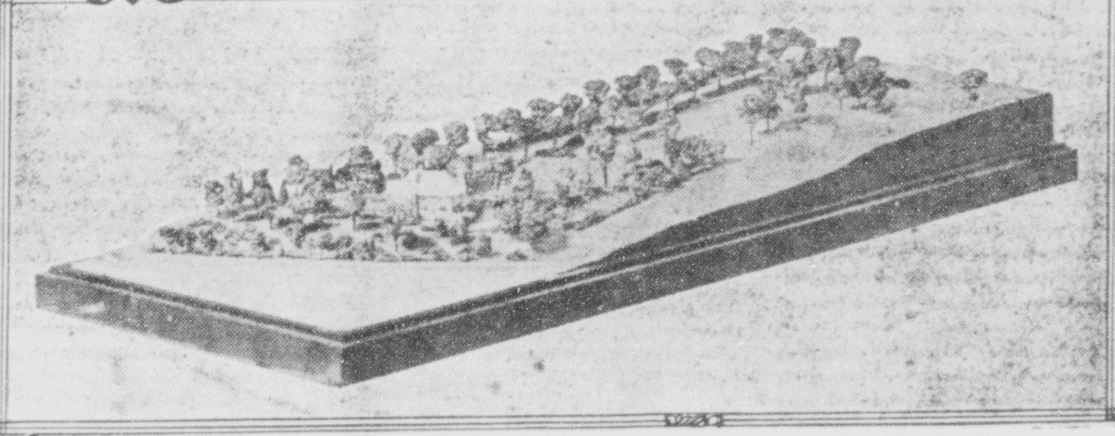

The growth of summer schools throughout the country is being largely shared by the pioneer summer schools at Chautauqua, N. Y. This year's addition to the Chautauqua Summer Schools on College Hill will be in the form of two sixty foot ends added to the sides of the rectangle already well defined. When completed all the classes, comprising 3,000 students, will be provided for in this building, with the open end of the quadrangle toward the lake and "the old chestnut tree" a venerable Chautauqua landmark in the center.

It is to be hoped that friends of popular education will come forward to make possible in the immediate future the completion of this unique group of buildings which will serve as classrooms, laboratories and dormitories.

The Chautauqua Summer Schools themselves are unique in having always been self supporting. They are the oldest summer schools in the coun-

PACKARD ESTATE ON CHAUTAUQUA LAKE, ADJOINING CHAUTAUQUA INSTITUTION GROUNDS. THIS PALATIAL NEW RESIDENCE WILL BE OCCUPIED BY ITS OWNERS THIS SUMMER. BOTTOM SECTION OF CUT SHOWS MODEL OF THE GROUNDS.

Year-round office buildings of fire proof or slow burning construction are among the things that one by one have supplanted the earlier makeshifts. Over a quarter of a million dollars is just now being expended to present the assembly to 1916 visitors in its new character as a permanent institution, definitely come to stay.

The Chautauqua assembly at Chautauqua, N. Y., will this summer offer to the visitor's view two important and striking improvements in two approaches—the water gate or pier, where will enter the visitor coming by steamboat from other points on Lake Chautauqua, and the land gate, where will enter the visitor coming by trolley from any direction or by motorcar over the excellent highway which connects with the great east and west thoroughfare at Westfield, N. Y.

Chautauqua's New Land Gate.
The general highway improvement is the most extensive enterprise now under way at Chautauqua, N. Y. This has been secured by generous co-operation with Chautauqua Institution on the part of the State of New York, the county of Chautauqua and the Chautauqua Traction Company operating the electric railroad from Jamestown to Westfield. It comprises a modern passenger station, double tracking of the trolley line, a new brick paved highway and important changes in the boundaries of the Assembly enclosure. Plans were made in 1913 by the State for the improvement of the highway. A magnificent new state road is now open through Maryville to Westfield, connecting with the great roadway east and west, known to all automobilists. The line of the highway at Chautauqua was changed and straightened and paved with brick. This change has made possible the addition of a considerable acreage to the lot and park space of the Institution. It in-

loading and unloading. Work has already been begun so as to assure completion before the season opens. The cost of the structure will be some \$30,000 and incidental improvements by the Traction Company perhaps \$10,000 additional.

The Institution has expended for land and buildings and for the improvements made over \$40,000. The special piece of brick highway has cost the state and county \$17,000, while the Traction Company expenditures, as just indicated, will aggregate at least \$40,000.

For a quarter of a century the water gate was the principal and almost the only entrance to Chautauqua, and it will be remembered for its natural picturesque beauty by every one who has visited the assembly during the past forty-two years. More recently, since the development of the electric railway and since the automobile has become so important a factor, the roadgate has received the larger share of visitors, yet it has had nothing to suggest the real character of Chautauqua. It has been like the railroad approach to many a town, a back door entrance, crowded and comfortless, without character or convenience.

The change in the highway and trolley line has made available to the Institution a tract about 4,000 feet long, varying in width from 10 to 300 feet, or nearly thirteen acres, and brings the total area within the enclosure up to about 200 acres. The new section is laid out into eighty-eight lots and into parking. The lots thus made available for lease are somewhat larger than the older Chautauqua lots. Two of the new streets formed are named Harper and Massey avenues, to commemorate services to Chautauqua by Dr. William R. Harper of the University of Chicago and the Massey family of Toronto. In this extension about two acres have been added to the present playground

cent of Chautauqua Assembly, is an impressive enhancement of the natural charm of "the point." The new pier building, which will cost about \$10,000, will be another added ornament.

The new pier building will be a two-story structure of 40 by 100 feet, with concrete columns and red tile roofing. The first floor will contain the institution ticket office, steamboat ticket office, waiting rooms, check room, baggage room and refreshment booth. The second floor will be entirely devoted to a covered promenade. A most attractive building is promised by Green & Wicks of Buffalo, the Institution architects.

For the past two years there has been a marked improvement in this entire section of Chautauqua, in ground, park and cottage betterments, to which the new boat landing and water entrance will give final emphasis.

The Democrats of Nodaway county met for the purpose of selecting delegates to the state convention to be held at Jefferson City on May 31. The delegates chosen were Thos. J. Dunn, Wm. Swinford and James Todd. Alternates were Dr. P. H. Talbot, Judge Wm. V. Smith and James W. Lamar. The resolutions committee was composed of A. P. Morehouse, Dr. P. H. Talbot, W. W. Ramsay, Fred D. Snyder, James Moran, C. A. Anthony and John Edwards.

TWENTY-FIVE YEARS AGO.

The various Masonic bodies of this city are considering the matter of renting the third story of the new Michau building. In size it will be 44 by 120 feet.

Dan R. Baker, the efficient town ship clerk of Lincoln township, and one of the editors of the Elmo Register, is visiting friends and relatives. Quitman was visited by the fire fiend. The losses were Jackson's drug

store, McKnight's butcher shop, Parshall's barber shop, Fargo's law office, Smith's grocery building and stock.

The closing exercises of the Maryville seminary are on. The annual sermon was given by Rev. C. W. Cassey of Tarkio, and Judge W. W. Ramsay gave the address to the school of business.

The C. Brady farm in the Rockford neighborhood sold for \$40 per acre, the tract containing 160 acres.

Rev. A. M. Reynolds gave the memorial sermon to the G. A. R. and Sons of Veterans at the Union Presbyterian church, and Prof. O. H. Smith delivered one in the evening.

TEN YEARS AGO.

Prof. C. A. Hawkins has been re-elected as superintendent of the city schools. Fred W. Urban is principal of the high school.

Dr. Leslie Dean has been chosen city physician and George Robb Ellison city attorney.

The school enumeration of Parnell is 174—three less than last year.

The baccalaureate sermon to the graduates of the high school was given by Rev. G. A. Robbins. The class address was delivered by Rev. O. W. Lawrence.

Steps are to be taken to add twenty-five or thirty acres to the Normal grounds, lying just west of the old Gaunt place, by condemning through the court.

Cleaning White Kid Slippers.

Wash the slippers well with benzine, using soft brush; rinse with fresh benzine and while it is still damp, rub a little French chalk thoroughly into the kid. Let dry, then rub lightly with a soft cloth.—H. V.

Mrs. Garrett Hostess.

Entertains Missionary Society.

The Home Missionary society of the First Methodist church met yesterday afternoon with Mrs. W. O. Garrett. The subject of study for the afternoon was "The Gathering of the Nations." Miss Ethel Embree, Mrs. H. C. Bower and Mrs. Adam Kern took part on the program. Mrs. Walter Mutz read a report of the convention which was held at Burlington Junction May 1. Following the study hour the annual election of officers was held and the following officers were elected: President, Mrs. W. F. Burris; vice president, Mrs. H. C. Bower; recording secretary, Mrs. Frank Buck; corresponding secretary, Mrs. L. L. Maier, and treasurer, Miss Ethel Embree.

The visitors for the afternoon were Meses Loma Bower, Nettie Smock and Gertrude Garrett. During the social hour refreshments were served by the hostess, assisted by Mrs. Frank Buck and Mrs. Walter Mutz. Sixteen members were present.

Scheiffbusch-McCann.

A very pretty wedding took place at the Abbey church at Conception Wednesday morning at 7:30, when Rev. Fr. Basil united in marriage Miss Ada P. Scheiffbusch of Blythesdale and Mr. Eugene T. McCann of Clyde.

The attendants were Miss Helen Scheiffbusch, sister of the bride, and Henry McCann, brother of the groom. The bride wore a beautiful gown of white crepe meteor and chiffon with wreath and veil and carried an arm bouquet of bride's roses. Her attendant wore a gown of pale green crepe de chine and carried a bouquet of pink carnations.

The out-of-town guests were Mrs. H. Scheiffbusch of Blythesdale, William Mulholland of Stanberry, Bernard Hamilton of Moberly, Mrs. N. S. Weber and daughter Marceline of Creston, Ia., and Miss Marie McCann, also of Creston. After the ceremony a reception and dinner was given at the home of

the bride's sister, Mrs. Wm. Merrigan Jr., near Clyde. The young couple left Wednesday evening for a visit with relatives at Tulsa, Okla., and different points in Kansas, after which they will be at home on the groom's farm, north of Clyde. The bride is a daughter of Mrs. H. Scheiffbusch of Blythesdale, Mo., and is a very charming young lady who has a large circle of friends and acquaintances. The groom is a son of Mr. and Mrs. James McCann of north of Clyde and is well and favorably known.—Conception Courier.

Outing at Normal Park.

Mrs. A. R. Perrin, Mrs. Lottie Oman, Miss Mae Gowney, Sherburne MacLeod and Mrs. Charles Perrin of Chicago enjoyed an outing in the State Normal park last evening.

Miss Barmann Home.

Mrs. Frank Barmann and daughter, Miss Ora, arrived today from New Orleans, where Mrs. Barmann met her daughter, who is returning from an extended visit in San Salvador.

Mrs. Jones Hostess.

Mrs. Julia Jones entertained her Sunday school class at her home in Parnell yesterday afternoon. Somerset was the diver diversion, of the afternoon. Refreshments were served by the host assisted by Mrs. D. A. Jones and Miss Zoe Alice Dinmore. Those present were: Meses Mertie Jasper, Wilma Millikan, Mary Treece, Cleta Barber, Mrs. Robert Allman and Mrs. Roy Wilson.

WANT BETTER ST. LOUIS MAIL.

One of the Trains Asked for Is Up Omaha Branch in Morning.

St. Louis merchants and civic clubs are making a special effort at this time to get better mail service. One desire is for a train on the Wabash leaving that city in the early morning so that morning papers could be delivered in towns along the Omaha branch in the morning.

Savannah Girls to Normal.

The following will leave Sunday for Maryville to attend the Maryville Normal during the summer: Ethel Genter, Mrs. Minnie Cline, Faye Townsend, Jessie Harding, Myrtle Teaford, Alice McGlothlin, Helen Crosby and Ellen Sears.—Savannah Reporter.

Miss Inez Alvis and Miss Zelma Miller of Burlington Junction are the week-end guests of Mr. and Mrs. Paul Skinner.

Mrs. Mark Hoffer of Creston, Ia., will arrive tonight for a visit here with her brother, T. J. Pennisten, and Mrs. Pennisten.

Miss Clara Stein, living east of Maryville, returned yesterday from a visit with relatives and friends in Fort Madison and Burlington, Ia.

Mrs. R. A. Ditto and children went to Hopkins today, where the former will visit her parents, Mr. and Mrs. J. M. Ephland.

Mrs. J. M. Neal and son Melvin went to Hopkins this morning, where they will visit the former's son, John Neal.

AT THE Movies NEXT WEEK

FERN THEATRE.

Monday—"Silas Marner," with an all star cast, will be shown at a matinee at 3 o'clock and the night performance will begin promptly at 8 o'clock. This production is in seven reels and was shown at the Willis Wood theater in Kansas City one solid week recently.

Tuesday—Arnold Daly and Jeanne Eagles in "The House of Fear," a society drama in five acts.

Wednesday and Thursday—Frank Mills in "The Moral Fabric," in five acts. Charles Murray in "The Love Route," a two reel comedy. This program is a famous Triangle program and Maryville showgoers are beginning to realize what Triangle service really is.

Friday and Saturday—Seena Owen and Normal Talmage in "Martha's Vindication," Triangle-Fine Arts feature in five parts. Miss Talmage wears several expensive but simple gowns required by her part, and Miss Owen reveals a wardrobe in the same play that contains at least fifteen different changes. Miss Owen wears three evening gowns, five afternoon dresses, two outing suits, four negligees and one tailor made. And they are right up to the minute creations, too. Also a two-reel comedy, "Gypsy Joe," with Joe Jackson.

Billy Burke comes to the Fern again Monday, June 5.

Ed Jones Says One Can't Tell When to Feed Cattle—May Import Tamworths Again.

Ed Jones, a prominent stockman and farmer of Nodaway county, Mo., was at the yards today with a shipment of hogs. Mr. Jones formerly fed cattle rather extensively but got discouraged with the game about five years ago and quit feeding. "I guess I quit at the wrong time," said Mr. Jones. "I thought strongly of getting back in the game this year but held off and didn't fill my feedlots. Those who are cashing fat cattle now are making good profits but the situation shifts so greatly from year to year that it is difficult to know just what to do, whether to feed cattle or let them alone." Mr. Jones was widely known a few years ago as a breeder of Tamworth hogs. Cholera raided his herd, however, and for the past few seasons he has been raising the more commonly known breeds. However, Mr. Jones is planning on exporting another herd of Tamworths from Canada, where the Tamworth is highly regarded as a superior bacon hog.—St. Joseph Stock Yards Journal.

Miss Thelma Warren of Hamilton, Mo., arrived here today for a visit with Miss Grace Norris. Miss Warren will attend the summer term of the State Normal.

Mrs. Otis German, who has been visiting her sister, Mrs. O. C. Nicholson, near Graham, left today for her home in Lucas, Ia.

Postmaster Frank Freytag of St. Joseph is a city visitor today.

NOISE BEATS PAIRS

COLLICKING CROWD BETTER THAN "SPOONING" COUPLE.

EASY TO BE TOO STRICT

Yet Being Too Lax Also Brings Trouble to Parents, So Endure the "Racket."

Many worried fathers and mothers are wrestling with the problem of allowing their young boys and girls sufficient good times, without too much freedom between the sexes, and they are beginning to think they are seeing "the front end of the troubles" as they try to reason with unreasoning, eager, alert young folks, at the beginning of their teens, says Hilda Richmond, in Farm and Home. Other parents are lax and see no harm in parties and socials for girls and boys under sixteen with even the pairing-off that so worries the anxious fathers and mothers who think sixteen too young for anything but school and its mild gayeties. So what can be done about it? If too strict the young people will plan to leave the farm, and if not strict enough disgrace may follow. To find and keep to the happy medium is a task that turns hair gray prematurely, as many fathers and mothers will testify.

Well, about the only thing to be done is to steer the good times into the "crowd" idea, rather than the "pair" plan. As long as you can keep the boys and girls going to their little parties and entertainments in a big noisy group overflowing with fun and good will, there isn't a particle of danger, even if a few whoops do startle the staid old folks of the community. As long as boys and girls are not pairing off and talking about love and moonlight and nonsense, they should be allowed to make a little noise. In fact, the noisy young people rarely get into real mischief. It is when they are quiet that the parents ought to be alarmed.

If you help the young folks stick together, you may steer them along until eighteen or twenty before they break up into pairs. You may be shocked many times because you think the girls will never be ladies, and the boys will be rough as shell bark hickory trees in their noisy good times, but as long as there is a certain "give and take" that is perfectly respectful and friendly and aboveboard, you had better rejoice and not worry. It is when the girls begin to sigh and lose appetite and quarrel with one particular boy, that trouble begins. As long as the "crowd" idea prevails, there is little danger.

DUAL PURPOSE CATTLE GOOD

Excellent Alike for Beef or Dairy Production Are the South Devons, Just Brought Here.

A new breed of dual purpose cattle, excelling alike in milk and beef production, has just been making a sensation in the United States, according to Prof. Thomas Shaw, writing in the May 15 issue of Profitable Farming magazine.

These are the South Devons, the first importation to this country being made in 1914. They are the largest cattle in England, an idea of their size being gained from the bull Coleridge Hero, which weighed 3,360 pounds.

As to milk production, one of the

prize winners of this breed, has a record of 61.2 pounds of milk, making 2.7 pounds of butter, in twenty-four hours. She was then ninety-four days in milk.

Prof. Shaw maintains that the dual purpose cow must be looked to as the beef producer, declaring that the beef of the future will come from the little farms. He therefore is much inter-

ested in the claims of the South Devon owners.

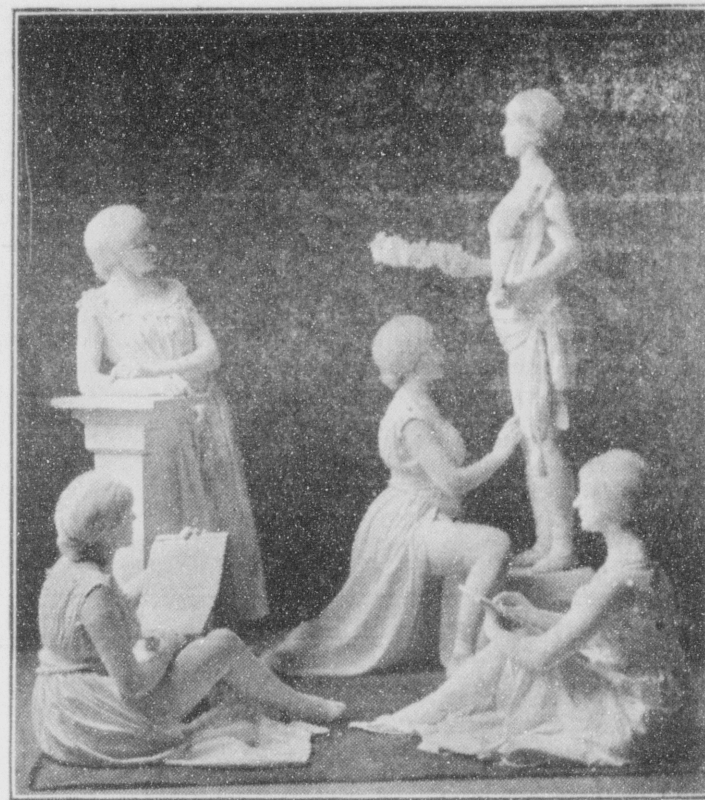

Misses Kathryn Waits, Flo Larson, Mildred Williams and Lena Dunlavy of Chillicothe, Mo., and Miss Lula McCoy of Chula, Mo., arrived last night and will attend the summer term of the State Normal school.

Base Your Judgment on Efficiency—Not Price

The man who spends his money for luxuries frequently becomes indifferent as to quality and durability. If it "looks good" that seems to be sufficient.

You who have been a close observer of the progress made in mechanical skimming, know that the Anker-Holth Self-Balancing Cream Separator has made good, and that it now heads the list of reliable and high-grade separators. From the first it has been a revelation to those who have used other separators with varying success.

There isn't another separator made that gives such all-round satisfaction as the Anker-Holth. Its great simplicity, efficiency and dependability form a triple combination that has never been equalled.

WHAT THE EDITOR'S Nodaway SCISSORS FOUND

CONCEPTION COURIER.

There is quite a difference in the appearance of Main street this spring and it is all due to the Commercial club. That body has made arrangements for the dragging of that road, so that it is in fine condition all of the time, and they are footing the bills for it, too.

ELMO REGISTER.

Owing to the dedication of Wilson church by Bishop E. R. Hendrix there will be no services at Elmo tomorrow. The baseball game of Elmo vs. Blanchard was played on the Elmo grounds Thursday and resulted in a 4 to 8 score in favor of Blanchard. The Elmo school board met last Saturday afternoon and let the contract for building the addition to the school for \$3,297 completed and ready for use.

BARNARD BULLETIN.

Thomas Mendenhall and wife spent the last of the week northeast of Maryville with Guy Riddell and family. Guy underwent an operation for appendicitis last week and is getting along nicely.

A real mechanical marvel is the new bookkeeping machine that the Barnard state bank is going to install June 1. The machine is the Burroughs adding-subtracting model and will greatly simplify the work of keeping the bank's books.

SKIDMORE NEWS.

Rollo Howden, one of the high school graduating class, received a scholarship in the state university at Columbia. It was awarded to him as valedictorian.

In addition to the prize awarded to Rollo Howden, Miss Ruth McDowell was given a \$75 scholarship in Stephens college, Columbia, Mo., and Miss Lettie Rodman received a one-year course in the State Normal at

Maryville, Mo.

Rollo Howden, Ruth McDowell and Lettie Rodman were the ranking members of the class, but several others were very close to them. Lettie Rodman for the past two years has had perfect attendance. That is a good record; but when you think of perfect attendance throughout the entire twelve years of school it is remarkable and it being made by a boy makes it still more so—that boy is Rollo Howden.

CLEARMONT NEWS.

C. W. Foreman had a bad case of lead poison last Thursday and was in a serious condition for several hours, also was affected for two or three days, but is all right now.

Mrs. W. S. Wallace, Misses Mary and Hazel Wallace and Hubert Garrett all came over from Maryville Saturday to attend the alumni banquet that evening.

The News family thanks Colin Johnston for a sack of apples that he brought to this office Tuesday. They were of the Dominion variety, which must be good keepers as they were solid and looked like they had been recently taken from the tree, and they have a splendid flavor.

BURLINGTON JUNCTION POST.

Will E. Nicholas tainted yesterday afternoon as a result of becoming overheated. He had been scooping corn at the mill and was very warm, when he drank three glasses of ice water. As he was preparing to start home with his team he fell in a swoon and was carried to the Zarn store where Dr. Dean was called. He is feeling considerably better today, although he spent a very restless night.

Great Record for Auto.

For the first time since he bought the little roadster three years ago Dr. C. G. Dean is using another machine, while he has his car thoroughly overhauled. It has run over 100,000 miles, through mud, snow, dust and every other road condition, and in temperatures ranging from below zero to above the century mark. But in spite of this never but once in the three

years he has driven it has the doctor had to abandon the car.

GUILFORD TIMES.

Tuesday A. B. Davis brought in a wolf that he and Bert Rimel, Otis Anderson and several men out east had been chasing. Otis we learn did the killing, and when showed here in town brought a good size crowd around. They got him down near the county line.

Still Women Never Swear.

Wednesday morning near 2:30 o'clock lightning struck the north chimney at the E. C. Starin home and blew out the stops in the walls and forcing out a great quantity of soot and other accumulations, scattering it over the piano and over the greater part of three rooms. And the hard part of it all was that Mrs. Starin had just finished cleaning house.

RAVENWOOD GAZETTE.

Rev. C. R. Green of Harmony left last Monday for Zanesville, Ohio, where he goes to attend the Methodist Protestant conference.

While attending the Rebekah state assembly at Kansas City last week, Mrs. O. E. Smith was honored by being appointed one of the staff of assembly officers for their next meeting, which convenes in St. Louis in May, 1917.

The memorial services will be held at the Christian church this Sunday at 11 a. m., conducted by Rev. B. H. Smallwood of the Methodist church. A good program is being prepared and a special invitation is given to all old soldiers, both of the "blue" and the "gray" to be present. Everybody will be cordially welcomed.

HOPKINS JOURNAL.

Geo. Porterfield, a farmer of the Pickering neighborhood, was in Hopkins Monday and called at this office. He reports pink eye among the horses of that vicinity and says in some instances the animals go blind.

Some fellows just now are worrying over the statement recently sent out through public print that it is unlawful to write a check for less than one dollar. Of course this statement is

erroneous, but it never did worry us any. If we should write a check for much more than a dollar and try to cash it, is where our trouble would be real and not imaginary.

Miss Helen Garrison was the honor graduate, receiving the scholarships for having made the highest grades, scholarships having been offered by the University of Missouri, Stephens college and by the colleges of the Missouri college union. Miss Edna Renfro received second highest grades and Miss Gertrude Smith the third highest on a four-year basis. For the highest grades the past year Miss Helen Garrison was first, Miss Helen Mueller second and Miss Edna Renfro third. Six of the class the past year made a grade of 90 or better and four an average of 90 or better during the past four years, Dale Coleman being the honor student among the boys.

VERY VALUABLE TO SWIM

ONE OF BEST FORMS OF BODILY DEVELOPMENT.

Every School and Town Should Have Pool, Magazine Writer Thinks.

Swimming is of inestimable value for muscular development. But more important still, playing in the water is the best means to relax tense nerves. There ought to be a swimming pool in every public school, and children should be permitted to have ten or fifteen minutes in it every day. This will accomplish more for the good order of the school than all the scoldings and whippings and stayings-after-school that could be inflicted upon children.

A large part of discipline is due to tensions developed by sitting in a seat or by concentrated study. It is shown in psychological laboratories that learning breeds muscular tensions to some extent. When these tensions accumulate up to a certain point, a pupil is bound to become disorderly in one way or another. This is the moment when he needs to be released. If he could jump into a swimming pool for a few minutes, he would come out with every muscle relaxed and his mind freshened and ready for his tasks. Happily the public schools are beginning to recognize this, and in progressive communities swimming pools are regarded as essential to good work, just as desks or books are.

If the small town as well as the large city would provide community swimming pools for all the young, out of doors in summer and within doors in winter, much of juvenile rascality and criminality would be automatically corrected. Swimming has a kind of therapeutic value for mischief and crime. It is also refining, so that the boy who has opportunities to indulge in it in a reasonable way will be less crude and will be less likely to offend the adults around him by his uncleanness and boorishness.—M. V. O'Shea in the June Mother's Magazine, June.

WHY VOTE ON BOOZE NOW?

Charles E. Stokes Will Tell Why W. C. T. U. and Anti-Saloon Stand for 1916 Is Opposed by Dry Federation

"Preparedness," or "Why We Should Vote on State-wide Prohibition in 1916" will be the subject of Charles E. Stokes, executive secretary of the Missouri Dry Federation, at the Christian church tomorrow afternoon at 3 o'clock. He will explain the attitude of his organization, which is "fathered" by H. P. Faris of Clinton.

The W. C. T. U. and the Anti-Saloon league are on record officially against any effort to place a prohibition question on the ballot at the next general election because it has been shown twice that the liquor interests immediately load the ballot with objectionable measures and defeat the other.

U.S. GIVES ONE DAY'S PROFITS

War Brings \$22,000,000 Daily Earnings to America, Which Is About Total of Relief Gifts.

Dr. Charles S. Macfarland, general secretary of the Federal Council of the Churches of Christ in America, which sent out the appeal for relief, states that the estimated increase in the wealth of the United States is \$22,000,000 a day—at the present moment probably greater—and that our total gifts to Europe for the whole period of the war therefore amounts to only about one day's profits.

Washing Chamols Gloves.

Wash chamols gloves on the hands with tepid water. Use white soap plentifully and change the water several times. Do not rinse in clear water. Take off the gloves and squeeze them gently in a dry towel. Then place on the hands again. They will go on with surprising ease if you rub each finger on with a piece of clean white cloth. Mold them on the hands and arms; remove carefully and hang over the fire by safety pins, rubbing them gently as they dry so that they will not get stiff. If washed this way they will be soft and pliable and as good as new. Mend before washing.—M. F. C.

READY FOR PEACE

BELIEVED WILSON WILL SOON MAKE OVERTURES.

EUROPE AWAITS HOUSE

Germany Thinks Allies Are More Favorable Now Than at Former Visit.

Special to The Democrat-Forum.

Washington, May 27.—President Wilson is giving more serious consideration to the possibility of restoring peace to Europe than at any time since the outbreak of the war. From an authoritative source it was learned today that the President is preparing to do everything possible in an informal way to bring about the discussion of peace between belligerent nations, although he has not indicated intention immediately to offer his service formally as mediator. His address tomorrow night before the League to Enforce Peace is expected to be in the nature of a preliminary overture.

The President is convinced the war is deadlocked, and that continuance merely means the killing of more people and the further impoverishment of European nations, both belligerent and neutral.

Through various channels Mr. Wilson has kept in close touch with the development of peace prospects. His closest advisers believe the rulers of warring nations, because of their close relationship, even kinship, will have as important a part in restoring peace as the ministers of their governments. It will occasion no surprise in official circles if in some manner the rulers of the countries at war open the way for peace conversations.

House May Visit Europe.

Berlin, May 23.—Another visit by Col. E. M. House to Europe would come as no surprise to initiated quarters here. The American rumors to this effect are regarded as having a certain basis in fact, although the opinion prevails that the trip naturally would be postponed until after the national conventions.

It is hoped here that should Colonel House pay such a visit, he will come this time as a harbinger of peace, or to prepare, if possible, the foundations for a peace proposal, difficult as this task is recognized to be. During his last previous visit to Europe Colonel House made no effort and conducted no investigations in the direction of peace—in Berlin at any rate—having, perhaps found absolutely adverse conditions in the capitals of the nations hostile to Germany.

Presumably, he also has previous information that American mediation was not desired and would not be accepted, so long as the United States continued to supply Germany's foes with cannon, shot, shell, cartridges, powder and a thousand and one other requisites for waging war against the Central Powers. Moreover, no information has been given at the time of that visit that inaccessibility in high quarters here on the munitions questions was in any way abated.

Mrs. Harold Ewing went to Hopkins today, where she will visit Captain and Mrs. James Ewing.

JOKE A SLOW BOOMERANG.

Recipient of Note Takes Up Matter and Clerk Loses Job.

Winsted, Conn.—Linus A. Hill, for seven years a clerk in the postoffice in Wallingford, seven months ago sent a letter to a town official calling attention to the fact that the "town clock was on strike."

Hill inserted the joke in a franked envelope. The recipient took up the matter with the postoffice department at Washington, with the result that Hill has been dismissed.

Finds Oxen Handy.

Findlay, O.—The twentieth century rapid mode of traveling by the automobile has nothing on Winfield S. Rader of McComb. He owns a team of oxen, and with them he does nearly all his farm work. Within the past few weeks the team has pulled eight automobiles out of the mud near Rader's home.

Four Children in a Year.

Bristol, Tenn.—Mrs. Rufus Jones of Dante, a coal mining town in Russell county, has the distinction of having become the mother of four children within twelve months. In March, 1915, twins were born to her, and on Feb. 29, this leap year, twins were again born to her.

CHILD MINDS LIKE DOG

IF THAT'S YOUR IDEA, GET IMPLICIT OBEDIENCE.

But if Parents' Idea Is to Develop a Personality, Watch Your Punishments.

If your idea be to train the child as you would train a young animal, so that you can govern him, to the admiration and amazement of your neighbors, so that he will do as you say, and will consult you humbly in all matters, then doubtless punishments and rewards of a very definite order will be necessary. Sugar and bits of meat and judicious whippings and pettings are the only means I know for training little animals.

But if your object be, as it should be, to develop his understanding and his character and to make him a sensible, serviceable, self-governing individual, there will be needed two things: a very limited administering of your own variable and whimsical rewards and punishments, and a very extended effort to bring him and yourself to a clear understanding of the invariable and unalterable consequences and results that life continually and inevitably administers.

Not only are most of the punishments we administer stupid, but they are hopelessly inadequate, trifling, I had almost said frivolous. In urging you to punish your child less with your own ill-judged punishments, I am not begging you to be more lenient, but less so. What I would beg you to do

is to better fit him to avoid life's punishments. You punish him illogically when he fails to obey you by depriving him of a cherished toy or a cherished plan; but life, with unfailing logic punishes him when he goes counter to her commands, by depriving him of love, of happiness, of service, of success. If he continues to do as you tell him not to do, you deny him to come to the table, perhaps, or you send him away for a lonely hour by himself; but if he continues to do what life tells him he must not do, there may be years of loneliness and wretchedness and failure that he must pay—Laura Spencer Porter in the June Mother's Magazine.

Hundreds of Customers are Within Your Easy Reach Mr. Merchant

It's a prosperous and industrious body of people we have here in Nodaway County, Mr. Merchant. Every one of them is a possible customer within your easy reach.

If you desire to increase your sales you will find a ready response from these buyers if you'll go after their trade. If a commodity is right in price and quality they are quick purchasers—if you let them know about it.

Others are using by far the most economical way of reaching these buyers. If you are not already going out after these buyers—do as others are doing.

The advertising columns of The Democrat-Forum offers you the same opportunity that others are using.

Day after day The Democrat-Forum is pulling trade for others.

For day after day The Democrat-Forum with steadily increasing circulation, on its merits only, goes out to these prosperous and industrious people of Maryville and Nodaway County.
